

# FREE-SAT™ ECO

*Economical 70% IPA Wipes in a Center-Pull Canister*

## Features and Benefits

- Reusable container helps reduce waste and save money
- Poly-cellulose fabric provides a tough, absorbent and abrasion resistant product
- Production process guarantees extremely low particle generation and chemical extractables
- Compatible with virtually any solvent or solution for cleaning and wiping
- Packaging provides lot-to-lot traceability
- ISO Class 5-6 (100-1000) Cleanroom Wipe
- Wipe Size: 6" x 9"

FREE-SAT™ Eco Wipes (FS-NT1-69ECO) are presaturated with 70% Isopropyl alcohol, 30% DI water in a convenient reusable center-pull canister. They are an excellent economical IPA wipe option for a variety of cleanroom and general-purpose disinfecting applications.

FREE SAT™ Eco Wipes measure 6" x 9" and are made from a hydroentangled non-woven material composed of 45% polyester and 55% cellulose. They are manufactured and packaged in a cleanroom.

## Industries

- Lab / Research
- Medical Devices
- Aerospace / Automotive
- Pharmaceutical
- Electronics Assembly
- Printing
- Industrial / Manufacturing

## Applications

- Wiping and cleaning all aspects of cleanroom
- General-purpose cleaning and disinfecting
- Controlling spills
