ABOUT KEYSTONE

In 1925, Keystone Adjustable Cap revolutionized the food service industry with the design and manufacture of the world's first disposable paper caps. Today, our line has grown to well over two hundred items with production capacities for custom-made products.

Since 1925, we have held steadfast to our beliefs of integrity, product quality, competitive pricing, and unsurpassed service. We maintain the highest business ethics in partnerships with our distributors. This confidence and respect has led to our continued growth and success. Our staff has a vested interest in satisfying our clients.

KEYSTONE SAFETY PRODUCTS

Our safety division is solely devoted to and focused on disposable wear for every facet of the work place, from head to toe. Keystone's extremely broad product line has **over 200 items** that will be your company's "One Stop Shop" for protective apparel and equipment.
